

Tips for Donating

Goodwill appreciates donations, but there are some general rules to follow when making a donation:

- ~ Be sure all items can be used for resale and are washed or cleaned
- ~ Test electrical and mechanical equipment
- ~ Verify all donated items meet Consumer Product Safety Commission standards and have not been recalled or banned
- ~ Complete a donation receipt and only leave items when an attendant is on duty

Although Goodwill accepts most donations, we are unable to accept the following items due to safety reasons:

- ~ Furniture with broken springs or frames, major tears or worn out fabric.
- ~ Hospital beds without the mattress
- ~ Mattress and box springs with stains, tears or lumps; coil type bed springs
- ~ Pool tables
- ~ Encyclopedias
- ~ Stripped televisions
- ~ Large appliances
- ~ Toilets, sinks, vanities, etc.
- ~ Firearms, ammunition, fireworks
- ~ Food or alcoholic beverages
- ~ Used auto parts, tires, windows, doors, building materials, paint, chemicals, household garbage or gasoline
- ~ Infant Cribs
