Goodwill's Business Services team is committed to providing quality products and services to a list of growing firms in the automotive industry, consumer products, government agencies and many others. The team can customize a solution to fulfill needs in assembly, collating, die-cutting, industrial sewing, packaging and more. You can expect reliable, high-quality workmanship to complete your specific project on-time and within budget. And we even offer pickup and delivery of your job as well as coordinate the shipment of the finished product.

As an added benefit, when you work with Goodwill, you are providing opportunities to individuals in the agency's training programs to build work skills, preparing them for jobs out in the community. Revenue earned is used to support Goodwill's employment, job training and other community-based programs for individuals with disabilities as well as others facing challenges to finding employment.

## ASSEMBLY/PACKAGING

Whether you are looking for a simple assembly job or a complete outsourcing solution, we have the skills and capacity to help – all at a competitive price. Services include: assembly, collating, packaging, kitting, labeling and more. Our unique work environment provides supported integration where individuals with and without disabilities work side-by-side to provide quality products and services on-time to customers.

## INDUSTRIAL SEWING SOLUTIONS

Goodwill offers custom industrial sewing solutions that enable you to create the designs and products of your choice. We take pride in our accurate estimating, quality workmanship and cost-effective solutions. Whether it's a simple or complex sewing project, our experienced team of sewers ensures products match your exact specifications. Offerings include: prototyping, safety vests, tote bags, aprons, tool bags, banners, laundry bags, swabs, mesh backpacks and more.
